ARTICLE 3A. TOWING OF VEHICLES

Sec. 17-121. Statement of Necessity.

During the course of performing law enforcement functions, including but not limited to criminal investigations and inquiries, control and abatement of circumstances arising from motor vehicle accidents, and the enforcement of traffic and safety Statutes and Ordinances, there will be situations which require the removal of motor vehicles from both private and public ways. In addition, the City of Bath, in Chapter 17, Article 3, provides authority for the Bath Police Department to remove and impound vehicles from public ways under certain circumstances (See Code Section 17-101). This Ordinance is intended to address those circumstances which may arise where the City of Bath Police require the removal of vehicles.

Since the City of Bath does not have the resources or equipment to effect the removal of vehicles when necessary, the City must depend on the availability of private contractors to effectuate the removal and, if necessary, storage of a vehicle. This Ordinance is intended to provide for the quick and efficient removal of vehicles where required and for the preservation of any evidentiary value that may be necessary in regard to related future court actions.

Sec. 17-122. Applicability.

This Ordinance shall apply in all instances where the removal of vehicles is ordered by the Bath Police Department under circumstances where the vehicle is being impounded or where the vehicle must be removed and the owner/driver is unavailable. It shall not apply to instances, other than impoundment, where the owner or driver is available and requests a particular towing operator, provided that that operator so designated is able to respond in a timely fashion and would not represent an interference with legitimate police functions. Where police contact a towing operator at the request of an owner/driver it shall not be considered a removal ordered by the Bath Police Department. Any final decision in this matter, however, shall always be with the investigating officer on the scene.

Sec. 17-123. General Requirements.

The City will only utilize the services of towing operators who:

- 1) Are prompt, reliable and capable of moving cars safely.
- 2) Have the capability of storing vehicles in a location which is reasonably safe from pilferage and further damage.
- 3) Agree to a schedule of maximum fees for services.
- 4) Conduct themselves and have employees who conduct themselves in a professional and courteous manner in order to avoid conflict and maintain the image and integrity of law enforcement.

Sec. 17-124. Rotation List.

There shall be a rotation list of up to six (6) qualified operators maintained by the Chief of Police or his designee. Should an operator voluntarily or involuntarily be removed from the list, the Chief of Police, after consultation with his staff, will determine whether to add another qualified operator to the list.

The list shall be maintained at the Sagadahoc County Communications Center and will rotate among the operators on the list according to the log maintained. Dispatchers shall move down the list from top to bottom and then back to the top of the list in assigning calls, with each call being assigned to the next available operator on the list. If a particular operator does not respond to a call, then they shall be passed by in favor of the next available operator and shall not be eligible for another call until that operator appears in the normal continuing rotation.

Sec. 17-125. Conditions Precedent.

Towing operators shall demonstrate to the Chief of Police that they have met the following standards and requirements prior to being considered for placement on the rotation list:

- 1) Equipment. Service wreckers will be equipped with a qualified 4-ton boom and winch with hydraulic wheel lift. Wreckers must also be equipped with qualified protective equipment, and other equipment necessary for AAA affiliation. All equipment must be in good working order. Wreckers must meet State inspection standards. Each service wrecker shall have permanently affixed to the wrecker in a prominent location(s) a logo or lettering of a size and color to make it readily identifiable, a logo or lettering that identifies the business entity operating the service wrecker.
- 2) Shall be properly licensed as required by State Law, all vehicles used in the towing operation shall be properly licensed and inspected and carry valid inspection stickers. In addition, the wrecker service business, storage area and any other business activity shall comply with all City of Bath land use

requirements, if located within the City.

- 3) Availability. The wrecker service must provide service twenty-four (24) hours seven (7) days per week and demonstrate that there are sufficient levels of personnel and equipment on-duty or on-call to respond to calls.
- 4) Storage Requirements. The towing operator shall have access to and maintain storage facilities for towed vehicles. These storage facilities for impounded vehicles shall be reasonably secure, either fenced-in locations or inside storage, in order to preserve evidence and prevent damage or vandalism to stored vehicles. Vehicles removed for snow removal or other reasons other than impoundment, will be stored in locations protected from damage or pilferage. Staff shall be available at these facilities or on call for the retrieval of vehicles from 8 a.m. to 8 p.m. The existence and adequacy of storage facilities shall be verified by inspection of the Chief of Police. All impound and storage areas will be within a radius of fifteen (15) miles of the Bath Police Department.
- 5) Snow Removal. The towing operator must have access to a storage area for at least ten (10) vehicles.
- 6) Business Location/Response. Qualified operators must be located within fifteen (15) road miles of the Bath Police Department located at 250 Water Street in Bath. They shall provide evidence satisfactory to the Chief of Police that they will be able to provide a normal response time of not more than Thirty (30) minutes after accepting a call for service under normal road and weather conditions.

Sec. 17-126. Indemnification.

The operator shall defend, indemnify and hold harmless the City of Bath, its employees, officials, and agents from and against all claims, charges, losses and expenses including attorney's fees arising out of or resulting from the performance of services initiated by the City of Bath and provided by the operator under City Ordinances, Guidelines and Policies.

Sec. 17-127. Insurance.

The operator must carry a commercial automobile liability insurance policy in a Combined Single Limit policy, or its equivalent, of at least \$500,000. The policy shall be in a form and with an insurance carrier acceptable to the City of Bath and the City of Bath shall be named as an additional insured on the policy. Certification of having the policy in effect shall be a condition precedent to an operator being placed on the rotation list and shall be in full force and effect at all times while the operator is on the list. Failure to maintain insurance shall be cause for removal from the list. A certificate of insurance shall be provided by January 1st of each year.

Sec. 17-128. Protection of Evidence.

There will be instances where vehicles will be impounded and removal from the scene initiated by the Bath Police Department. In those instances, it is imperative that the integrity of the evidence be preserved, and each towing operator shall be responsible for taking all reasonable precautions required by the Police Department to avoid any damage to or degradation of any evidence. When required, the towing operator or the operator's employee involved in the call will be required to appear in court. The towing operator shall not, by State Law, assist any vehicle involved in an accident before notifying the Police.

Sec. 17-129. Maximum Rates.

Maximum fees for City ordered towing with minimal waiting period, shall conform to the following schedule:

One Hundred Dollars (\$100.00) Day/Night

Storage fees shall not exceed Fifty Dollars (\$50.00) per day/night.

Day is defined as: A day is considered to be a 24-hour period from time of tow. (Ord. 4/6/11)

Charge will be based on the time the call is initiated as recorded by the Police Communications Officer. Reasonable extra charges may be assessed for service which requires dollies, winching, long waiting periods or other unforeseen services depending

on the situation. Any additional charges, above standard fees, shall be listed and specified on bills.

Vehicle release fees shall not exceed \$15.00 for requested releases during non-business hours.

Business Hours are defined as: Business Hours shall be defined as being 8 a.m. to 5 p.m. Monday through Saturday.

In the event that an operator has requested tow service and upon arrival the situation has changed and tow services are no longer required, the owner or driver must pay the wrecker the amount of one-half (1/2) of the towing charge. If the wrecker has hooked onto the vehicle then the vehicle's driver or owner must pay a full service wrecker fee as authorized by this Ordinance and Bath Police Department policy.

For purposes of application of the maximum rates set forth in this Section, City ordered towing shall be limited, and these maximum rates shall be limited, to instances where the towing is ordered by the Bath Police Department for the impoundment of a vehicle or removal of a vehicle where the owner/operator is unavailable. In instances where the owner/operator is available but requests the Bath Police to provide a towing operator, these maximum rates shall not apply.

Sec. 17-130. Condition of the Roadway.

The operator will be responsible for removing all broken glass and other vehicular debris from the roadway resulting from an accident. Normal clean-up procedures are considered part of the towing operator's duties and are not chargeable to the involved parties.

Sec. 17-131. Unclaimed Vehicle.

Contact shall be made by wrecker companies to all vehicle owners, or other responsible parties, who have not claimed a vehicle within 48 hours of towing. This contact is for the expressed purpose of obtaining a name and address of the responsible party and to explain the fee structure of the wrecker company for the disposition of said vehicle. The Police Department will assist the wrecker companies who are unable to make effective contact. It is also suggested that wrecker companies keep a log of who and when these parties are contacted for future reference in the event a dispute arises over towing and/or storage.

Sec. 17-132. Disqualification.

A towing operation will be disqualified at any time if it is not in compliance with the standards of these regulations. To become re-qualified, the towing operation must correct any discrepancies, at which time it will be scheduled into the rotation in the same manner as a newly qualified operation.

Sec. 17-133. Additional Service.

In the event a situation is beyond the capability of the towing operator called, the police will attempt to obtain additional assistance from among the other qualified operators. If special equipment is needed that none of the on-call services possess, then assistance can be obtained from any wrecker service that has the needed equipment.

Sec. 17-134. Grievance.

In the event a complaint arises due to services, additional charges, or violations of these guidelines, the Chief of Police or his designee, shall investigate the matter and initiate a final resolution. The final resolution alternatives available to the Chief of Police or his designee, shall include any one or more of the following: administrative warning, suspension from the rotation list, termination from the wrecker list permanently. In the event formal disciplinary action is taken against a wrecker company, said company shall have a right to an administrative review by the City Manager's office by filing a written request within ten (10) days of notice of said action. The City Manager decisions in such matters shall represent final resolution, subject to Statutory rights of appeal pursuant to Rule 80B of the Maine Rules of Civil Procedure.

Whenever a restriction expires or is lifted, the notices shall be removed wherever posted. No person may remove, obscure or otherwise tamper with any notice so posted except as provided herein.

Sec. 17-224. Exemptions
